I'm a certified Data Scientist have expertise of working with big datasets and extract hidden pattern to solve business problems.

EXPERIENCE

CERTIFICATIONS

IBM DATA SCIENCE PROFESSIONAL CERTIFICATE, COURSERA

I played a role of beginner data scientist, where I learned how various tools to work with real world datasets such as Pandas, SK-LEARN, Seaborn and Matplotlib.

SPECIALIZATION

IBM APPLIED DATA SCIENCE, COURSERA

In this specialization, I played a role as a data scientist, performed various methods to extract, load and transform and analyse data such as web-scrapping, data wrangling, performing EDA with data visualization and model development.

EDUCATION

DECEMBER 2026

BACHELOR OF SCIENCE, METROPOLITAN UNIVERSITY, SYLHET

I'm on the track to complete my BSc. in Computer Science and Engineering from a renowned university of Bangladesh.

APRIL 2019

HIGHER SECONDARY SCHOOL CERTIFICATE, BAF SHAHEEN COLLEGE, SHAMSHER NAGAR

Background was Science, result of 4.67 out of 5.00 overall, Got 5.00 on Physics, 4.00 on Higher Mathematics.

SKILLS

- Python (Programming Language)
- Data Visualization
- SQL
- Exploratory Data Analysis
- Machine Learning Model Development

ACTIVITIES

Currently I'm actively participating on Kaggle competition and learning advance Data Science techniques. I also participated in Edge Preliminary Data Science programme conducted by ICT division of the Government of People Republic of Bangladesh.
